

**Dear Members,**

**Good evening, Padma Shri Prof. Soniya Nityanand, Vice Chancellor KGMU, my seniors, Past Presidents, members on the dais friends' ladies and gentlemen**

**Just wanted to take a moment to express my heartfelt thanks to the entire team at ISAR for the steadfast commitment to achieving our goals.**

**Dr. Asha Baxi our Honorary Secretary at ISAR has enumerated all the events that have transpired in the last year.**

**So I will dwell on what was different that we did last year and that was undoubting the ISAR Masterclass series and the Lectures and awareness drive on Paternal ageing and Male factor infertility. I had the singular honour and distinction to present our work at all major infertility congress in India and the world over. It brought to focus the much needed diagnosis and management of male factor in the correct perspective and that it takes two to tango.**

**The Masterclass was devised with a need expressed by our members to have focussed meeting on topics where there are as yet no definite guidelines or recommendations. hence a small group of expert speakers in that specialty, with plenty of time to thread bare the topics and then a group of KOL to form and devise the GCPR.**

**The first was on Probiotics in Gynaecology/ Infertility /RPL in Hyderabad. I must thank Dr. Sujata Kar, Dr. Kunjimoideen & Dr. Suchitra Pandit along with JB Pharma**

**This was followed by a masterclass on POR and PCOS titled The Oocyte too few...Too many in Bengaluru By Dr. Marcus Nitzsheke from Spain, Dr. Sheetal Sawankar, Dr. Ramaraju, Dr. Madhuri Patil along with UNS Pharma**

**We then had one on RPL in New Delhi led by Prof Asher Bashiri from Israel, Dr. Mala Arora , Dr. Sunita Arora along with Abbott Pharma**

**The last one in my hometown Mumbai on The How & Y of Male infertility led by Dr. Ranjith Ramaswamy from USA now in UAE, Dr. Rupin Shah, Dr. Tejas Gundewar along with Meyer Organics.**

**We will be releasing the GCPR of all the masterclass today. We have uploaded the lectures and the CGPR on the website so do have a look.**

The response has been overwhelming to say the least from our members and we have already lined up another 4 for this year too. Progestogens, Addons in ART, KPI, RIF

The whole team at central ISAR and our Chairs and Secretary at 24 state chapters have done an amazing job in educating, motivating and empowering our members. Your hard work and dedication truly keep the momentum going.

However, some members need special mention.

Regional Conference at Shirdi Dr Prerna Shinde and Bangalore Dr. Manjunath, ISAR embryology conference at Chandigarh Dr. Nirmal Bhasin & Dr. Charudutt Joshi, ISAR Yuva Conference at Patna Dr. Shanti Roy and Dr. Pragya Mishra, The fortnightly Dispatch which brings the latest publication to our doorstep a tremendous effort from Dr. Sujata Kar and Dr. Ritu Hinduja. The Perfection Series headed by Monica Singh, Dr. Pratik Tambe, Dr. Fessy Louis, Dr. Randhir Singh sponsored by Intas Pharma, ISAR Embryology Syngamy Series for embryologist curated by Dr. Charudutt Joshi sponsored by Nivian Pharma, ISAR Soliloquy Series of one international speaker one hour, brain child of Dr Ritu Hinduja assisted by Dr Sheetal Sawankar, Dr Kalyani Shrimali, Dr Erika Singh and Dr. Asmita Pandey from Nepal with Meyer organics. The Catalyst series designed by Dr. Anu Agarwal Dr. Fessy Louis and supported by UNS Ltd , ISAR Excellence series headed by Dr. Pratik Tambe and hosted by Alkem Ltd , ISAR Dialogue by Dr. Rakhi Singh and supported by The 5 i-Evolve meetings across the country supported by Alembic.

We then had our two international collaborations ISAR ASPIRE Regional meeting at Pune spearheaded by Dr. Sunita Tandulwadkar and Dr. Ashwini Kale . Thank Dr. Clare Boothroyd President ASPIRE who is amongst us and her team for their continued support. Fusion held in majestic Jaipur a joint initiative of ESHRE, ISAR and IFS . Must thank Dr. Rishma Pai, Dr. Anis Feki who is also amongst us and team IFS for such a grand event. It shows that when we join hands the effort divides but the results magnify.

Each meeting I have attended of ISAR and I have attended many around 25 of them this year I have made plenty of friends and forged great relations. But importantly I have discovered a diamond, someone who is very good at their work their knowledge and presentation and knows how to conduct oneself.

**We then have the silent workers Dr. Sadhana Desai with the ISAR Embryology course and ISAR Dr Sadhana Desai Endowment fund doing yeoman service to the needy couples**

**Our journal team led by Prof Mohan Kamath working tirelessly to up the journal and make it available to fertility specialist. Our ISAR social media team headed by Dr. Seema Pandey & Dr. Parshuram Gopinath and Intas Pharma.**

**Our ISAR Newsletter was dormant for some time due to cash crunch. I must thank our two edition editors Dr. Pratik Tambe and Dr. Parshuram Gopinath for their tremendous efforts to bring out superlative editions which we will release today and are also on the ISAR website. Do have a read and write back to us with your comments.**

**Please all those whom I have mentioned and are present please stand up and take a bow. You, my friend, are a real gem. Your hard work and dedication, paired with that infectious positive attitude, create such a significant difference in our team dynamics.**

**Big thank you for being such a powerful force amongst us.”**

**And now about this conference.**

**ISAR 2025 Lucknow spearheaded by Dr. Meera Agnihotri and Dr. Rajul Tyagi two true gems and karmayogi. From the start clear planning, enthusiastic participation and always smiling, you two have been a great support and true architects of this mammoth event.**

**Grateful doesn't even begin to cover it. The opportunity to work alongside someone as dedicated and talented as you have been an absolute privilege. Dr. Niharika great things come in small packages must have been devised only after meeting you. Nikhil Khatri and team, B2B Event team led by Ravindra thank you so much for all that you guys have done. Gone beyond your call of duty.**

**Your efforts truly made working for this event a pleasurable experience.**

**And Now what the future holds for us at ISAR. Great news...We have finally moved to our own plush place at Kamla Mills Mumbai the poshest office address in Mumbai.**

**Besides our masterclass we have lined up our conferences**

**The south YUVA Isar at Chennai 14-15 June, IAHR Conference in Hyderabad 18-20 July, South Regional conference at Vijayawada 8-10 August, ISAR Embryology conference at Indore MP 12-14 Sept, and the much awaited ISAR 2026 in Feb at Ahmedabad. See you all in large numbers.**

**I have to thank the ISAR office team led by Ms Jyoti, Roshan and Sanjay who are the unsung heroes, My Team at IKAN Fertility Associates Dr. Khyati Pandya who is the very reason I can travel all over and my family My mother manda, my wife Anjali and my sons yash and akash who are today here to see me bask in the glory of ISAR. Can't thank you enough for tolerating all my madness and chaos. Guys Give me one more year and I will start behaving normal again. My two sisters Roopa and Sonal the true blue blood as we call ourselves and partners in crime. Thank you to all the international faculty, national faculty and the delegates the heart of any conference. You are the sole reason why it's all happening. I hope you all have a great weekend of learning, sharing, and fond memories to last a life time.**

**ISAR truly rocks and as they say I will be back again ....**

**Regards**

**Dr Ameet Patki  
President, ISAR**
